Cost Proposal Form (updated)

Bids for each group are determined by Total Combined Cost Per Season for the cluster. Bidders may provide bids for one cluster or multiple clusters. All sites included in a cluster are to be serviced by the bidder awarded the contract for that cluster. The lowest responsible and responsive bid for each cluster will be awarded the cluster.

For each cluster you wish to provide a bid for, place a Seasonal Price for Snow Removal and Ice Control Services for every site listed. Add the prices for each site and place the total in Total Combined Cost Per Season. Record all Total Combined Cost Per Season amounts for each group you are bidding on page 41 and sign it. Do not alter the Cost Proposal Form in any way as doing so may disqualify your bid.
