For subcontracts valued at \$100,000 and over, the subcontractors must demonstrate financial integrity and stability. In these instances, the subcontractor must complete and execute a Vendor Responsibility Questionnaire. OPWDD shall consider the selected Bidder to be the sole responsible contact with regard to all provisions of the contract resulting from this IFB.

**K. Public Officer's Law Requirements**

All Bidders and their employees must be aware of and comply with the requirements of the New York State Public Officers Law, and all other appropriate provisions of New York State Law and all resultant codes, rules and regulations from State laws establishing the standards for business and professional activities of State employees and governing the conduct of employees of firms, associations and corporations in business with the State, and for applicable Federal laws and regulations of similar intent. In signing the proposal, each Bidder guarantees knowledge and full compliance with those provisions for any dealings, transactions, sales, contracts, services, offers, relationships, etc. involving the State and/or State employees. Failure to comply with those provisions may result in disqualification from the bidding process and in other civil or criminal proceedings as may be required or

permitted by law. Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. Additionally, there is a permanent bar against any such activity before any state agency in relation to any case, application, proceeding or transaction with which such officer or employee was directly concerned and personally participated or which was under his/her active consideration.

#### **L. Omnibus Procurement Act**

It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors, and suppliers on its procurement contracts.

Information on the availability of New York State subcontractors and suppliers is available from the Department of Economic Development, Division for Small Business, Albany, New York 12245, Tel. 518.292.5100, Fax: 518.292.5884, email: opa@esd.ny.gov.

A directory of certified minority and women-owned business enterprises is available from the NYS Department of Economic Development, Minority and Women's Business Development Division, 633 Third Avenue, New York, New York 10017, Tel. 212.803.2414, email: mwbecertification@esd.ny.gov  
website: <http://esd.ny.gov/MWBE/directorySearch.html>

#### **M. Contract Execution**

Awards are not final and the resultant contract is not considered executed and binding until approved by the New York State's Attorney General and Office of State Comptroller (OSC).

#### **N. Vendor Responsibility Questionnaire**

State agencies are required under State Finance Law § 163 (3) (a) (ii), to ensure that contracts are awarded to responsible vendors. Such requirements include, but are not limited to, the Bidder's qualifications, financial stability, and integrity. The Vendor Responsibility Questionnaire is required for contracts \$100,000 and over. OPWDD will require a complete Vendor Responsibility Questionnaire with your bid proposal if the contract resulting from this procurement is valued at \$100,000 and over. Vendors/not-for-profit provider agencies are able to file the Vendor Responsibility Questionnaire (VRQ) online via the New York State VendRep System or may choose to complete and submit a paper questionnaire. To enroll in and use the New York State VendRep System, see the [www.osc.state.ny.us/vendrep](http://www.osc.state.ny.us/vendrep).

#### **O. Health Information Portability and Accountability Act (HIPAA)**

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient

access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

**P. General Duties and Additional Responsibilities**

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. ### **A. Contract Award**

OPWDD will select the responsible and responsive Bidder that will provide the lowest Total Estimated Annual Combined Cost per Cluster. In the event of a tie bid, the award will be made by random selection.

### **B. Right to Reject**

Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated. An incomplete Cost Proposal Form or any alteration to the Cost Proposal Form may result in your bid not being considered. OPWDD reserves the right to reject any and all offers.

### **C. Mathematical Errors**

If the Bidder submits a cost proposal which contains mathematical errors, the Part A: Total Annual Cost for Routine Scheduled Inspections/Treatments per Cluster will be calculated using the pricing submitted for Cost for Routine Scheduled Inspections/Treatments Per Quarter and the Part B: Total Estimated Annual Cost for Non-Routine Services per Cluster will be calculated using the pricing submitted for Cost Per Non-Routine Service.

### **D. Confirmation of Ability to Provide Service**

OPWDD reserves the right to confirm any Bidder has the qualifications, experience, ability, and financial standing to perform services as outlined in the scope of work. This may include requesting information regarding equipment, workforce, suppliers, etc.

## Qualifications & Scope of Work

### PEST CONTROL SERVICES

Western NY DDSOO is an agency of the Office for People With Developmental Disabilities (OPWDD). The homes are residences of a developmentally disabled population including some individuals who are medically or physically disabled, as well as some who are confined to wheelchairs. The following specifications cover Pest Control Services for Western NY DDSOO locations throughout Cattaraugus, Chautauqua, Erie, Genesee, Niagara, and Orleans counties. A location listing with addresses, telephone numbers, and estimated square footage is included in Exhibit A – Site Listing.

#### I. GENERAL INFORMATION

The Contractor will plan, set-up, and maintain an Integrated Pest Management (IPM) program at each location and will supply all services within the framework of this Scope of Work. The Contractor is to elicit the cooperation of OPWDD staff, and all others concerned in order to protect the health, safety, and wellbeing of individuals, staff, and Contractor's employees. The Contractor must ensure compliance with regulations and guidelines. The IPM program components include the following:

- A. **Inspection** - Each site will be inspected at the start of the contract and at regular intervals thereafter (to be done quarterly) for circumstances conducive to pest infestations such as harborage areas, sources of food, water, and means of ingress into the site.
- B. **Identification** - Pests present as indicated by sighting, droppings, and other evidence should be clearly identified so that the appropriate control measures can be selected.
- C. **Control Procedures** - Once each site has been inspected thoroughly and the problem pests identified, the control methods are then determined and implemented through close attention to the following:
  1. **Sanitation** - All sanitary situations affording pests harborage such as food and water are noted and reported to the OPWDD staff for corrective actions.
  2. **Environment** - Structural and environmental conditions conducive to pest infestations will be reported to OPWDD staff for corrective action.
  3. **Controls** - Proper and appropriate chemical and non-chemical means of control are to be instituted by the Contractor to reduce the infestations present and maintain each location as pest free as possible and to the satisfaction of OPWDD staff. These control measures will be placed at means of ingress by pests into the location and along their routes of travel (ingress and travel routes are to be determined by the Contractor in the "Inspections" and "Identification" steps above). Chemical and non-chemical applications will also be thoroughly and generally applied throughout the building, as appropriate; along all baseboards; behind bulletin boards, pictures, and furniture; in elevator and equipment rooms; in storage areas, desks, and cabinets; in bedrooms, program rooms, furniture, wheelchairs, closets, and radiators; food areas; etc. Contractor will identify and use chemicals which may legally and safely be utilized for such general applications.

- D. Evaluation** - The Contractor will be required to continuously monitor and evaluate the effectiveness of the program quarterly in conjunction with OPWDD staff and to maintain such written records of operations in the site as is required by regulatory agencies and as stipulated in the contract specifications.
- E. Education** - Since the effectiveness of an IPM program is heavily dependent on the cooperation of all concerned, the Contractor will conduct an annual seminar for the OPWDD staff from the locations in Exhibit A – Site Listing to explain the IPM program and to elicit their support and cooperation. In addition, Contractor will provide training and training materials to OPWDD staff on pest management and elimination as requested by Western NY DDSOO Business Office or designee.
